SAGE

AGAIN DEFENDANT IN A BIG DAMAGE SUIT.

MYSTERIOUS WOMAN BEGINS AN ACTION

FOR ATTENTIONS PAID HER

Eighteen Years Ago—Second Time
She Has Sued the Financier—Mr.
Sage is Mum.

New York, Jan. 14.—Russell Sage, the aged financier, is defendant for the fourth time in a suit brought by Isabelle D'Anjuria who asks Sage to pay her \$75,000 for attentions paid her 18 years ago.

According to the papers, she sued him in 1884 for \$100,000. She abandoned suit on his promise to pay her \$75,000. She declares she never got the money. Sage today admits the suit of 1884 and says he turned it over to his attorneys and never even knew the woman's name. Mr. Sage says the women who hang around brokers' offices are the devil's own. Much mystery surrounds the woman in the case. Her counsel refuses to tell anything about her but her name.

The old financier has engaged Goodwin, Thompson and Vanderpool to defend the case. He enters a general denial of the woman's charges.

"She first came to see me," said Mr. Sage today, "in 1884. She served some papers on me in a legal action, claiming that I had paid attention to her. I turned the papers over to my counsel. Why, I did not even know the woman's name. There was no talk about any settlement. She was just like all of them who want me to invest their money as I see fit. I tell them I don't know how to invest my own money sometimes. They are a nuisance. Lots of them are adventuresses and are after men with money. This woman seems to be no different. I do not care how soon it is tried."

Much mystery surrounds the woman in the case. Her counsel will not tell who she really is, or anything about her case.

Former unsuccessful suits against Sage by women were in 1884, by a then unknown woman but now believed to be the woman who is at present suing; charge assault; damages demanded \$100,000.

In 1887 by Sophia L. Matteri, a widow for debt, amount \$6,000.

In 1882, by Della Keegan, Sage's former servant; charge breach of promise, damage \$100,000.

He Saw Both.

London, Jan. 14.—Bruce Hamilton vires from the Transvaal that on January 11 his force got near enough to see Botha and his forces. Botha was riding in a cart. The British chased the Boers several miles and then gave it up. Boers' loss, one killed, 33 wounded.

Akron's New Library.

Akron, O., Jan. 14.—A letter was received yesterday afternoon from Andrew Carnegie's private secretary stating that Carnegie's gift of \$70,000 for a public library building for this city may be had whenever the local library board is ready to use it. This means that work is to be commenced on the new library building early in the spring.

Chicago, Jan. 14.—(Bulletin.)—Two men were killed and one probably fatally injured by the collapse of a scaffolding at the Rialto Grain Elevator in South Chicago. The unfortunate fell 75 feet.

BRYAN PLEASED

AT THE SELECTION OF NIXON AS TAMMANY LEADER.

Says Democrats of the Country Will
Applaud the Choice and Wish
New Leader Success.

New York, Jan. 14.—William Jennings Bryan at the home of his personal and political friend, John W. Cox, No. 11 East Thirty-eighth street, declared that Richard Croker had shown excellent judgment in selecting Lewis Nixon as the leader of Tammany Hall. He said:

"Mr. Croker showed good sense as well as devotion to the party's interest when he threw his influence to so excellent a man as Mr. Nixon and caused him to be elected leader of Tammany Hall. Mr. Nixon represents that element in the organization which has stood for clean government and has opposed the use of official positions for private gain. He is a man of character, honesty and ability, and his leadership will silence much of the criticism which has been aimed at the city organization in recent years."

"The Democrats of the country at large will applaud the selection of Mr. Nixon and wish him success."

REMANDED

Wife in Ohio.

KILLED

WIFE AND SHOT HIS MOTHER- IN-LAW

POLICEMAN COMMITS MURDER IN
NEW YORK.

THE OFFICER IS NOW IN JAIL.

Had Been Trying to Persuade Wife
to Return Home With Him,
Married a Year.

New York, Jan. 14.—Policeman Wm. H. Innis, of the Adams street station, Brooklyn, shot his wife, Mary Agnes Innis, dead, and fatally wounded his mother-in-law, Mrs. Alice Gorman, in Mrs. Gorman's home, Rockaway avenue and Avenue F, Canarsie, shortly after 7 o'clock this morning. Innis fled but was arrested two hours later at Lühr's hotel in East New York, and held for murder.

Innis had been married but a year, but almost from the day of his marriage, neighbors say he was cruel to his wife. Recently his wife was compelled to leave him, taking her infant child and returning to her mother's home.

For some time past Innis has been trying to persuade his wife to return to him. She refused and because of his persistency she had him arrested for non-support. A magistrate ordered him to pay his wife \$10 a week. Innis swore at the time of the decision that he would kill her sooner than pay alimony. Innis broke into his mother-in-law's house this morning and shot the two women with scarcely a word of warning.

Mrs. Innis was 23 years old and pretty. His mother-in-law is 52.

President Invited.

Washington, Jan. 14.—Gov. Darrin of Indiana, escorted by Senator Fairbanks, called at the White House today to invite the President to attend the exercises at the dedication of the soldiers' monument at Indianapolis May 15. The President expressed the hope that he could be present, but was unable to make any definite promise now. He will advise Governor Darrin later.

ATTACK

ON RE-ENACTMENT OF THE EXCLUSION ACT

WAS SENT OUT IN PAMPHLET
FORM TODAY.

MR. WU THE PROBABLE AUTHOR.

If He is Proved to be the Writer the
Minister May Lose His Offi-
cial Head.

Washington, Jan. 14.—A mysterious, anonymous pamphlet attacking the proposed re-enactment of the Chinese exclusion law was scattered broadcast through Washington this morning. Each member of Congress and newspaper correspondent interested in anti-Chinese legislation was handed a copy of the booklet by the postman. The pamphlet has on its cover "Truth versus Fiction. Justice versus Prejudice. Meat for all not for a few. Plain and unvarnished statement why exclusion laws against the Chinese should not be re-enacted. Respect treaties and make general, not special laws."

It contains 31 pages of pro-Chinese matter not to mention a full page cartoon of Uncle Sam standing beside an incoming steamship loaded with Chinese and pleading: "Why not give them an equal chance?"

To a mob of workmen (composed of three or four men wearing square pasteboard caps) who are shouting "Don't let them come in."

A touching picture is drawn of the hard working, sober, conscientious Chinese laborer, and in glowing terms the pamphlet depicts the prosperity that will be sure to follow in his wake if he is allowed to come in without restriction. The pamphlet goes on to tell what dire results will happen if he is barred out by the exclusion law. China will retaliate in her anger and will put up the bars against American trade with the result that we will lose the benefit of Chinese labor and the profit of the Chinese trade. Those familiar with the energy, nerve and habits of Minister Wu are inclined to the belief that he is the author of the pamphlets. All the arguments he has been using for the last few months to stem the tide of sentiment against the immigration of his people are repeated. If it should develop that he is responsible for the printing and distribution of the literature the Secretary of State will probably make complaint to Wu's home government which might result in his losing a decoration or two, or even his official head. As the pamphlet has nothing on its pages identifying its author or the printer the Secretary of State will probably experience some difficulty in tracing it to Wu's door.

SHE GOT A DIVORCE.

Anderson, Ind., Jan. 14.—Because her husband ridiculed her ideas, she alleged, Mrs. Cunningham was granted a divorce. She said that among other things done by Cunningham was to protest against divine blessing at the dinner table. He would yell out: "Harry up, the Lord know what we are here for." Mrs. Cunningham also got \$500 alimony.

MR. MASON

Today Talked on Duty on Goods From
Cuba, Supporting His Bill in the
Senate.

Washington, Jan. 14.—Senator Morgan of Illinois spoke today on the bill introduced by him yesterday relating to duty on goods from Cuba. Referring to the treasury surplus he said it permitted to remain and increase it would be no blunder, but a crime against the people of Cuba. He proceeded to make a strong plea for the repeal of all war revenue taxes except that on hooker shops and a small tax on flour imposed to prevent adulteration.

In conclusion Mr. Mason urged the necessity of reciprocity with Cuba upon our request. He said the Cubans had inserted in their constitution that they would make no political treaties without our consent. This practically bars Cuba forever from effective commercial treaties with other countries.

Boers' Plans.

London, Jan. 14.—The war office has been informed that the Boers are saving their strength with a view to striking several heavy blows just previous to King Edward's coronation, and thus spoiling the festivities. They think that the resulting moral effect on English opinion will be helpful to their cause. Lord Kitchener has therefore been urged to redouble his efforts to terminate the war before the coronation.

STAND

OF DEWEY IS INDORSED BY BOARD OF TRADE

RESOLUTIONS ADOPTED IN CHICAGO MONDAY NIGHT.

PETITION CONGRESS TO ACT.

Would Have the Case Reopened and
Congress Make Its Own Decision
About Santiago Battle.

Chicago, Jan. 14.—At its annual meeting the Chicago board of trade adopted the following resolutions: "Whereas, efforts were made not only to detract from the glory due to our Admiral Schley for his signal victory over the Spanish fleet off Santiago, but to denigrate his victorious plans of battle on this occasion and to charge that gallant and selfless officer with cowardice in the face of his enemy; and whereas, such efforts were so persistent that Admiral Schley was forced, out of self-protection, to demand a court of inquiry by the government; and whereas, though the verdict of that court left no stain upon his reputation as a valiant and brave officer, yet two members of that tribunal, denominated his 'council of battle,' in spite of the fact that a glorious victory was won, and denied that he was chief in command; and whereas, our great admiral, George Dewey, who by virtue of his ability and patriotism, and who, as the hero of the greatest naval victory of modern times, was prominently qualified to judge of the actions and orders of Admiral Schley, on that memorable day, declared in a spontaneous report that the latter had commanded an effective blockade, and as officer in absolute command was entitled to the credit for the victory at Santiago; and whereas, that we have in the duty of congress to review the record of the court, to examine into all the circumstances and events tending to throw light upon the controversy, and to pronounce its judgment as to who was in command at the battle of Santiago, and as to the conduct of Admiral Schley on that occasion; Resolved, That we petition the congress to review the record of the court, to examine into all the circumstances and events tending to throw light upon the controversy, and to pronounce its judgment as to who was in command at the battle of Santiago, and as to the conduct of Admiral Schley on that occasion; Resolved, That a copy of the foregoing be forwarded to Admiral Schley, also to our senators and representatives in congress."

Await Roosevelt's Action.

Washington, Jan. 14.—The Maryland delegation in congress, including senators and representatives, considered the course to be pursued on the Schley case and reached a determination that, pending the decision of President Roosevelt on the appeal to be made by Admiral Schley to the chief executive, it would be inadvisable for the delegation to urge upon congress any of the resolutions or bills introduced. The various resolutions were gone over, and it was the general sentiment of these present that the delegations would be favorable to any one of the measures which President Roosevelt had adopted.

GEO. H. PHILLIPS IS A BIG LOSER.

PANIC REIGNED IN THE RYE MAR-
KET TODAY.

THE YOUNG EX-CORN KING

Ordered All His Open Trades Closed.
Loss on Rye Alone Said to
be \$100,000.

Chicago, Jan. 14.—Unable to meet the excessive demands for margins made on him this morning George Phillips, the ex-corn king, posted a notice on the board of trade informing his customers that all his open trades would be closed. On the strength of the announcement rye, to which the raiders on Phillips lines paid particular attention, fell from 66 1/2 to 60. A panic prevailed in that market. With the announcement of the closing of his open trades Phillips said his wheat and rye holdings would amount to about 5,000,000 bushels, principally in rye, but that is denied by other traders, who declare that it has been impossible in the light of present conditions for any one man to accumulate so large a line.

Phillips' losses may not be known for several days but fellow brokers say he is out at least \$100,000 on rye, as he bought that cereal at 68.

Phillips and his advisers were in conference all night and early this morning it was decided to give up despite the fact that a wealthy trader, said to be Armour, offered to come to the embarrassed broker's assistance. Not only did Phillips decide to give up, but he considered seriously the advice of his attorney to get out of the grain business. Ever since Phillips' memorable May corn deal, two of the big local houses squeezed by him have hounded him unmercifully, it is said, overlooking no opportunity to ruin his deals. Their efforts, however, could not prevent him from accumulating \$60,000 since his last failure. Every penny of this, he says, will be paid to his customers, leaving him once more "flat broke."

Phillips has been on the long side of rye for a month and advised his customers to buy it. He had bought heavily and advanced the price 1/2 cents to almost 71 cents. A break of nearly 3 cents in rye yesterday to 68 1/2 cents made a difference of \$35,000 to the Phillips' holdings, and dissipated a good part of the profits. The drop, being so sudden and coming at a time when the bears were depressing the wheat and corn markets at a lively rate, created an uneasy feeling in regard to Phillips' trades.

Phillips' career on the Board of Trade during the last two years has been such as to keep him most of the time in the public eye. A clerk originally for one of the large commission houses, he finally branched out as a broker and a member of the board and in the early summer of 1900 began to attract attention when it became evident he was engineering a corner in corn. A young man, he had the old timers of the corn pit hard up against the wall before they realized the fact and for months he had them at his mercy dominating the corn pit at his pleasure and forcing the price up as he saw fit. But the axiom of the floor is that no man ever successfully ran a "corner" and got out of it safely, and it turned out as in the case of Phillips.

Boer Losses.

London, Jan. 14.—General Lord Kitchener reports that the Boer losses since January 6, have been 200 killed, 200 wounded, 200 captured and 50 surrendered.

LARGER WATER PLANT.

Palm Beach, Fla., Jan. 14.—The problem of having fresh water at the 122,000 Nassau properties has been solved by the installation of the largest water distilling plant in the world. It will have 50,000 gallons capacity per hour and will cost \$1,000,000. Three hundred and thirty-five places of worship provide 106,330 sittings for members of the Presbyterian church of England.

PET DOGS

FREED A WHOLE FAMILY NEAR EAST LIVERPOOL

And Were Only Killed After a Desperate
Fight—All Had Become
Mad

East Liverpool, Ohio, Jan. 14.—Attacked in their homes by five mad dogs Elmer S. Good and family, who live in Chester, W. Va., opposite the city, came off victorious in a fight for their lives yesterday. The family had just seated themselves at the breakfast table when Mr. Good's valuable beagle, followed by her four pups, dashed into the room. The dogs were frothing at the mouth, and dashed around the room snapping and snarling at everything with which they came in contact.

There are several children in the family, and Helen, the eldest, was singled out for an attack by the dogs. She climbed upon a chair and then upon the table, and just escaped the brutes' teeth. The mother, after fighting the mad animals for a time with a chair, followed her children's example and climbed upon the table.

Neighbors were attracted by the screams of the terrified household. Milkman Fred Hobbs rushed into the house and found all the Goods on chairs and on the table fighting the dogs with such weapons as were at hand.

Hobbs attempted a rescue and was severely bitten about the legs. The dogs all made for him, leaving Mr. Good free. Good hastily left the room and returned with his shotgun. With its aid and that of Hobbs the dogs were speedily slaughtered. The mother dog was bitten by a strange cur some time ago, and this it is thought caused all five to go mad.

POLL

OF THE SENATE ON CANAL LEGISLATION.

SENTIMENT FAVORS DEFINITE
ACTION THIS SESSION.

THE MAJORITY IS IN FAVOR

Of Considering the Panama Route.
Senator Teller Alone Opposes the
Isthmian Canal.

Washington, Jan. 14.—A poll of the Senate has been taken on the isthmian canal question resulting as follows:

For the Nicaragua route 51, for giving consideration to the Panama route 10, opposed to any isthmian canal one (Senator Teller.)

Interviews with those enumerated in the poll show conclusively that there is an overwhelming sentiment in favor of definite canal legislation during this session of Congress and that although a large majority of the senators prior to the making of the offer by the Panama canal company favored the Nicaraguan route, the majority now believe that the Panama offer should be carefully considered before such action is taken. This does not mean that the Panama offer necessarily will be accepted. Few of those who said they were in favor of it being considered, were willing to say that they would vote for it. They simply desire more light in the situation. The really important feature of the poll is that it developed only one senator opposed to any sort of canal legislation—Senator Teller, of Colorado. Under these circumstances the prospects for the passage of a canal bill at the present session are very favorable. The isthmian canal convention, which is to meet tomorrow to consider the Panama offer will not be long delayed in reaching a conclusion as to the advisability of accepting it. All the data as at hand.

The only thing necessary will be for the commission to reach a verdict on the facts as presented. This may be expected within two or three weeks.

The number of persons in the section of land in Great Britain, 342; Japan, 200; Italy, 276; Germany, 276; Austria, 225; France, 187; Hungary, 174; Spain, 92; United States, 22; Russia, 15.

TRUSTS

HAVE A FIRM FRIEND IN SENATOR HANNA

HE WILL EVEN FIGHT PRESIDENT
ROOSEVELT.

IN INTEREST OF THE TRUSTS.

Fairbanks, of Indiana, the Candidate
of Hanna and the Trusts for
President in 1904.

Washington, Jan. 14.—Senator Hanna is making ready for action which will demonstrate to the great business interests with which he is identified and which he has always represented in National politics that he is not in sympathy with the Roosevelt administration in its apparent purpose to attack the great railroad combinations and the industrial trusts which are the natural outgrowth of Republican policies for the past decade and which Senator Hanna in some public utterances has not hesitated to defend.

It is said the Senator has become convinced by his talks with the President and by the latter's action in directing the interstate commerce commission to look into the Northwestern railroad merger and the relations of the railroads with the great Chicago meat packing concerns that it is the policy of the administration to attack the railroad combines and the trusts in the courts, with a view to their destruction.

This policy, Senator Hanna believes cannot fail to have a bad effect on business, and in his judgment contrary to the pledges of the Republican party and a violation of its obligation to the great interests which did so much to make the Republicans successful in the campaigns of 1896 and 1900. In these campaigns, it is well known, Senator Hanna represented the party organization in its attack on the trusts.

Now feels that he owes it to the party to dissociate himself from any action which seems to threaten their prosperity or interest.

The Senator has been appealed to already by the interests in question to use his influence with the President for the purpose of inducing the latter to abandon his apparent policy of attacking trusts and combines on the ground that such a course must result in checking the present prosperity and will inevitably bring disaster to the party in the future.

The Senator has, it is said, laid these representations before the President, and in the strongest and bluntest manner reinforced them with expressions of his own individual opinions as to the inevitable disastrous results that must follow any campaign against the big capitalistic combines.

The Senator is said to have pointed out to the President that what he said in his message in this relation, followed by other utterances since, and especially what he has done through the interstate commerce commission, have already had a damaging effect in Wall street, and that still greater evils are impending in that quarter unless a halt is called and assurances given that the trusts and combines will not be disturbed.

But it appears Senator Hanna's representations and remonstrances failed of the desired effect on President Roosevelt. As a result, the Senator is said to have made up his mind that the only course open to him is to show in a public and unmistakable way that he is not in sympathy with the administration in its policy of attempting to curb the trusts and combines. Just how or when the Senator will do this is not known, but those who claim to have information of his purposes say he will take action without delay in the hope that his course will have a reassuring effect on the stock market and convince his friends in the great combines that he has not forgotten past favors and that the policy of the present administration has not the backing of some of the most active and influential men in the Republican party.

It is believed that an open declaration by the Ohio senator against the administration will mark the beginning of an active fight between the old

Kansas City, Jan. 14.—Two young
 men of slight build, with handker-
 chiefs tied across the lower portion of
 their faces, entered Harry B. Chick's
 poolroom, in the center of the city,
 and with drawn revolvers commanded
 the proprietor, cashier and three other
 employees who were in the place to
 lie down on the floor. They then se-
 cured between \$1,500 and \$2,000 and
 escaped. A third man, supposed to
 be a confederate, but not masked,
 guarded the entrance while the rob-
 bery was committed. Jimmy Driscoll,
 an employee, who did not readily com-
 ply with the command to lie down, re-
 ceived a heavy blow on the head with
 a revolver from one of the robbers.

 her imperial majesty, the empress
 dowager, we issue the following edict:
 During the disturbances caused by the
 Boxers last year, the American com-
 manding officers issued strict orders

 which we feel extremely gratified and
 grateful. We therefore instruct Wu

 nounced that he had selected Hor-
 whitelaw Reid as special ambassador
 to King Edward's coronation. Other
 members of the special embassy were

 representing the navy, Captain Cha-
 F. Clark; secretaries of the special
 embassy, J. P. Morgan, Jr., Edward

 General Wilson was second in com-
 mand to General Chaffee in China and

 lumbus.

Growing Peculiar.

It is the fashion now in Georgia to
 set pecan groves. The trees have been
 found to grow and thrive well in that
 climate, and they have varieties which
 bear nuts as much larger than the or-
 dinary, wild nut which we used to
 know as the improved chestnut is
 better than the small wild nut. Trees
 planted fifteen to twenty years ago
 are producing profitable crops, and
 hundreds of acres have been set to
 them within the last ten years, while
 planting is going on now at a greater
 rate than ever before. One man near
 Columbus, Ga., is about to set eighty
 acres, and it may not be long before
 we see them coming by the carload for
 our Christmas nut trade.—American
 Cultivator.

Market "on the Hoof."

A farm should, first of all, produce
 everything that can be consumed, then
 crops to be sold, and the less of the
 latter the better. Stock should be kept
 sufficient to consume all food products,
 and the corn, oats, hay, etc., should be
 marketed "on the hoof." Why sell
 cattle or hogs to feeders when they
 may be fed at home?—Farm and
 Ranch.

Corn Crop of 1901.

The average yield per acre of corn
 in this country for 1901 is the lowest
 on record—two bushels less than that
 of 1891, long the record breaker for
 low average. The average for last
 year was put at sixteen bushels, and
 the average for that of 1900 was twen-
 ty-five bushels.

The Corn States.

In 1900 Texas produced less corn
 than Illinois, Iowa, Nebraska, Missou-
 ri, Kansas and Indiana and more than
 any other of the states. The farm
 value of Texas corn for 1901 is put at
 \$88,275,565.

MINE WORKERS

Opened Their Annual Convention at
 Columbus Today—Meeting Will
 Last a Week.

Columbus, O., Jan. 14.—The United
 Mine Workers of Ohio opened their
 annual convention here today. It will
 continue for about a week. About 150
 delegates are present. The opening
 session was largely consumed by the
 examination of credentials. The chief
 matter calling for consideration by the
 convention is next year's wage scale.
 A demand will be adopted which
 will go before the National Con-
 vention and if approved will become a
 part of the scale prescribed to the
 mine operators at the National Joint
 convention.

President Haskins, Vice President
 Sullivan and Secretary Savage of the
 state organization are all candidates
 for re-election. All have opposition,
 but it looks like the old officers would
 be re-elected.

 is to break up the reign of terror caus-

 Deitch said: "A dead safe blower is
 the best." He recommended that
 officers in the country towns carry
 shot guns and that lights be kept burn-
 ing in all banks.

HISTORIC LOCOMOTIVE.

The famous locomotive "General"
 which was used by Colonel Andrews
 and his comrades in an attempt to
 burn bridges on the Western & At-
 lantic road, April 12, 1862, is to be set
 up in the Union station at Chatta-
 noo, Tenn., as a monument to the he-
 roes of that raid.

DENIED BY THE OFFICIALS.

B. & O. officials say that the rumor
 that the company is to spend \$500,000
 for improvements during the next
 year is not true. While many plans
 have been practically agreed upon for
 bettering the condition of the system
 yet the amount stated is much exag-
 gerated. The most work to be done
 on the system will be on the Pittsburg
 & Western. This road, being a portion
 of the B. & O.'s Chicago route, it will
 have to be improved considerably.
 There are several bad curves on the
 road which will have to be eliminat-
 ed and some of the tunnels will have to
 be enlarged on account of the increase
 in size of the new rolling stock. The
 plans so far agreed upon will not cost
 much over \$5,000,000.

SUPT. CASANAVE HERE.

F. C. Casanave, general superintend-
 ent of motive power Baltimore, Md.,
 arrived in Newark today from Balti-
 more and will make a thorough inspection
 of the motive power department here.

B. & O. ENGINES.

Quite a number of the 1600 engines
 simple, are being taken from Newark
 and replaced by the compound 1900's,
 as it is difficult to run the latter class
 of locomotives on the northern divi-
 sions of the B. & O.

MILLIONS TO BE EXPENDED.

Fifty millions of dollars will be ex-
 pended by the B. & O. system during
 1902 for betterments.

This large sum of money was deter-
 mined upon after a careful inspection
 of the system by President Loece and
 staff, followed by detailed estimate by
 the engineering and operating staffs,
 of what the system needs to place it
 in perfect physical condition. Accord-
 ingly it is announced that President
 Loece's budget for the current year
 fixes the total sum of betterments to
 the system at the figure mentioned
 above.

Less than two years ago the B. & O.
 management began the physical regen-
 eration of the system by appropriating
 or determining to spend \$25,000,000
 for betterments. At that time the
 sum was almost unprecedented in con-
 nection with road betterments for one
 year. Later it found that the work
 contemplated could not be done for
 the sum mentioned, the appropriation
 was raised by special bonds, bringing
 the total sum up to \$50,000,000. The
 acquisition of new lines and the con-
 solidation of the system has made it
 advisable to appropriate an equal sum
 for improvements, bringing the grand
 total for the system within two years
 to \$100,000,000.

In considering the matter of im-
 provements it is fair to assume that
 the Pennsylvania management is back-
 of the latest move for the B. & O. sys-
 tem. The Pennsylvania's budget, re-
 cently made up, contemplates an ex-
 penditure for betterments and new
 terminals of nearly \$100,000,000, so
 that the Pennsylvania interests have
 in reality decided that a total of about
 \$200,000,000 will put into good condi-
 tion the two systems which comprise
 their main properties.

It is asserted that a considerable
 portion of the sum recently deter-
 mined upon for the B. & O. will be spent
 on the Pittsburg and Western, the
 most recent of the B. & O. acqui-
 sitions. As a connecting link to the
 West, and as an outlet to the lakes,
 this property is one of the most im-
 portant of those under B. & O. control.
 All the grades and curves which have
 proved a menace to large train loads
 will be eliminated and the property
 practically rebuilt. The Cleveland,
 Lorain and Wheeling, the Little Kan-
 artha, the Ohio River and other prop-
 erties of the system will be given a
 thorough overhauling. As for the main
 line of the B. & O. it will be a "race
 track" from Chicago to Pittsburg and

"DEAR MRS. PINKHAM:—Eighteen months ago I was a pretty
 sick woman. I had felt for some months that I gradually grew
 weaker, but finally I had such severe pains I could hardly stand it.
 I had taken cold during menstruation and this developed into con-
 gestion of the ovaries and inflammation, and I could not bear to walk or
 stand on my feet. The doctor recommended an operation which I
 would not hear of. One of my friends advised me to try Lydia E.
 Pinkham's Vegetable Compound, so I gave it a trial. Can
 you imagine my feeling when within two months I felt considerably
 better, my general health was improved, and my pains had entirely
 disappeared. I kept taking it six weeks more and am now enjoying
 the best of health, thanks to you. Yours truly, MRS. SOPHIE BINNS."

HOSPITAL**COURSE DECLARED OFF BY THE LADIES.**

Reason Given—Money Will be Refunded—Hospital However, is in Need of Cash.

Owing to the failure of the concert bureau to fulfill its contract with the Newark Hospital Board, there will be no series of entertainments this season under the auspices of the Hospital.

A contract was entered into during the fall between the Hospital Board and a representative of an eastern agency and the sale of tickets was recently begun. One of the drawing cards of the course was the Persian Garden, booked for the 24th inst., but the concert bureau unexpectedly cancelled this engagement and endeavored to substitute another attraction, and to change the date, making the opening attraction on Saturday night.

Rather than submit to this change of program and violation of the contract, the ladies of the Hospital rightly decided to abandon the project and to refund money to all who had purchased season tickets.

The Hospital which has been kept alive through the efforts of a few good women has no regular source of revenue, and must rely upon the contributions of the people. At the present time there is urgent need of more

funds but the ladies are not discouraged. They hope that friends of the institution will come to the rescue. Subscriptions or contributions of any denomination will be gratefully accepted. A member of the Board said this morning that arrangements would be immediately made to refund the money paid for tickets.

As the ladies have acted in good faith and have expended much energy and time selling tickets it would be a gracious act for each purchaser when offered his money to hand it back as a contribution to the hospital fund.

This suggestion is made, however, without the knowledge of any member of the hospital board.

BRICK PLANT

OWNED BY J. C. BOLEN DESTROYED BY FIRE.

Large Oil Tanks Explode, Causing Great Consternation in Zanesville Monday Night.

The large brick and sewer plant belonging to J. C. Bolen of Zanesville, was visited Monday night by a destructive fire.

The entire plant excepting the engine room and kilns is a mass of ruins. The fire which began about 8 o'clock originated in two large oil tanks containing about 160 gallons of oil, these having become ignited in some unknown manner.

At 9:50 o'clock a telephone message was received at the central fire station asking for the aid of the chemical engine. Chief Tanner and three of his men immediately went to the scene of action. At the time of their arrival the explosion of the tank was expected momentarily.

The firemen immediately secured a great number of water soaked sacks, endeavoring to smother the fire by these and prevent the explosion. All the sacks obtainable were used and at one time the fire seemed under control. The firemen being unable to secure a sufficient number of sacks the fire broke out anew and in a very brief space of time the tanks exploded.

The chemical having been completely spent and only one small stream of water being the resource the building was doomed to destruction.

The engine room and the kilns alone remain standing.

Mr. Bolen is well known in Newark and throughout Licking county. He was the Democratic candidate for the State Senate in this district in 1895.

Practically all the paving brick that has been used in Newark for the past five years, has been furnished by the Bolen plant and they have proved the most satisfactory ever used here.

Heavy Drains by Strikes.

Indianapolis, Jan. 14.—The auditing board of the United Mine Workers of America met in this city to audit the annual report of Secretary-Treasurer Wilson, which will be presented at the convention of the mine workers, which begins here next Monday. The finances of the order, the report will show, are in good shape, notwithstanding heavy drains made on the treasury by strikes during the year in West Virginia, Kentucky, Kansas and Indiana. These series of strikes, it is said, cost the organization over \$500,000. The secretary-treasurer handles annually funds of the miners amounting to between \$300,000 and \$400,000.

The Scott System of Scientific Physical Culture

RESTORES TO HEALTH--STRENGTHENS THE HEART

Absolutely Cures Constipation, Indigestion, Sleeplessness, Nervous Exhaustion and Revitalizes the Entire Body.

DEVELOPS THE CHEST, SHOULDERS AND BICEPS.

DEVELOPS THE BACK; DECREASES THE WAIST-LINE.

More Muscle Building is not a Science

but to permanently restore weak organs, poor blood, shattered nerves and often a wrecked brain to their normal condition, is indeed a DEEP SCIENCE, especially when the subject is a hustling business man or weak woman. In accomplishing these results, I BOW TO NO MAN.

A CLEAN, WELL FORMED BODY WILL RESIST ALL DISEASE GERMS, and will be of inestimable pleasure to its possessor and to others, thereby insuring the same care as is given other beautiful and valuable things. My exercises build the body BETTER and QUICKER because they are NATURAL. There is NO LOSS OF VITALITY by the useless handling of WEIGHTS; nor is there any undue development in some muscles and LACK of development in others, as is the case with ALL UNNATURAL means of exercise. When in REPOSE each tissue is FLEXIBLE; NO BINDING during exercise, or after it is left off, as is CAUSED by all unnatural effort. When in ACTION the muscles become like STEEL. The MIND POWER is not lowered by these natural exercises, as NO VITALITY is taken from the BRAIN to supply OVERDEVELOPED MUSCLE. HEALTHY MUSCLE ACTS AS A RESERVOIR FOR VITALITY which can be used either by the BRAIN or MUSCLE. OVERDEVELOPED MUSCLE SAPS VITALITY FROM THE OTHER ORGANS LIKE A TAPE WORM. Knotty muscles are UNHEALTHY and UNSIGHTLY especially in LADIES. None such can be produced by my system. The HEART is helped and not OVER-ENLARGED and the CHEST is WONDERFULLY developed, changing the entire appearance of the pupil in a few weeks.

If you will faithfully follow my simple instructions for a few weeks, I will promise you a fine, strong, well developed physique which bears every evidence of perfect manhood or womanhood; a clear brain; a light elastic step; a splendid circulation; bright eye; large expansive lungs; an increased appetite; good digestion; an active liver; sound, restful sleep; a cheerful disposition; an erect carriage. In a word, GREATER STRENGTH, BETTER HEALTH, LONGER LIFE.

FRED H. SCOTT,
Originator and Instructor.

My System Requires no Apparatus Whatever

and but a few minutes time in your own room just before retiring. By this condensed system more exercise and benefit can be obtained in TEN MINUTES than by any other in two hours, and it is the only system which does not overtax the heart. It is the only natural, easy and speedy method for obtaining perfect health, physical development and elasticity of mind and body.

For five years I have been teaching intelligent men and women how to attain and preserve perfect health. It is not a problematical theory, but a natural and rational system of scientific exercise without weights or other apparatus and based upon absolutely scientific principles.

The complete system is taught in four easy, progressive lessons, two lessons a week until the course is completed. At the completion of the course, the pupil will know more about scientific physical culture than nine-tenths of the so-called instructors in the country and will understand perfectly how to vary the exercises to meet his individual needs.

I have instructed pupils of both sexes from 12 to 80 years of age and all recommend my system. As there are no books or apparatus to buy, and as the system equips one for life, it follows and as you will never need any other instruction, it follows that it is the cheapest form of effective insurance. It insures your mental and physical self in a bank of health and strength upon which your draft will never be dishonored.

It is the duty and should be the pleasure of every Mother in this city to take my course of instruction, not alone for the benefit which would result to her own health, but that she may in turn instruct her children and bring them up to be strong, healthy, robust men and women. Take my word for it, they will thank you in years to come.

I never publish statements made by my pupils. Testimonials have lost prestige; they are too plentiful. I will be glad to show to prospective pupils dozens of letters of endorsement from some of the most prominent people in America. My guarantee is worth much, ten times as much, as the best testimonial.

THE TUITION FEE for the complete course is \$10.00, payable at the time the first lesson is taken. At the completion of the course of instruction, if you are not convinced of the wisdom of my methods, and do not believe that you have made a wise investment, I will, upon demand, CHEERFULLY REFUND YOUR MONEY. Upon this broad basis every intelligent man and woman in Newark ought to be my pupil.

I am forming a class for ladies and one gentlemen this week—have booked a number already. Ladies class will be instructed afternoons, gentlemen at night, twice each week. Will be at office of Newark Real Estate Exchange, No. 14 North Park Place, each day this week from 9 to 12 a. m. and 2 to 5 p. m., where I will be glad to enroll you for instruction. Both classes start early part of next week at Brennan's Hall. No pupils taken after instruction begins. See me today, leave your name and learn how to get right with yourself.

"THE MIKADO"

First Meeting for Rehearsal Monday Night—Mr. E. T. Johnson Musical Director.

The first meeting of the Newark Opera Club to practice for the production of "Mikado" was held Monday night at the convention room of the Court House, and was very satisfactory for the first meeting. Those present took right hold and the choruses that were practiced were really creditable for the first time. The opera will be under the musical direction of Mr. Ernest T. Johnson, who is well known as a conductor of individuality and ability.

The next rehearsal will be at 7:15 next Friday night, and it is earnestly hoped that there will be more young ladies present. The men's chorus is very well filled, and has in it excellent possibilities.

Resolutions of Respect.

At a regular meeting of Division No. 36, the following resolutions were unanimously adopted.

Whereas it has pleased Almighty God to remove from our midst, our late brother, John P. Early, who was taken violently ill while on his engine in the discharge of his duty, with stomach trouble, and lingered for about six weeks when on the 24th of December, 1901, he quietly passed away, it is best, just and fitting that a memorial of his loyalty should be recognized by this Division.

Resolved, That while we bow in submission to the will of the All-Wise Ruler of the universe, we mourn the loss of a warm-hearted brother who was respected and esteemed by all who knew him and while we fail in words to express our sorrow we deeply sympathize with his bereaved family and friends, and trust that they may find comfort in him who doeth all things well, and we do most earnestly pray that you will give them strength for all their trials and bereavement.

Resolved, That in just tribute to the memory of our departed brother, Division 36 drape its charter in mourning for the space of 30 days that a copy of these resolutions be spread on our minutes, and a copy be sent to the family of the deceased brother, and a copy be published in the city papers.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or ringing in the ears, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be forever lost. One case out of ten is cured by cathartics, which is nothing but an inflamed condition of the mucous surfaces. PHINEAS FOUTZ

Zanesville, O., Jan. 14.—Phineas Foutz, the Zanesville soldier whose execution in the Philippines is announced by the war department, was 21 years old and an orphan boy, who led a model life before he entered the army in the war with Spain. While a member of the Tenth Ohio regiment at Camp Meade, in 1898, he was subjected to homesickness, and his comrades declare he was a national at times. A strong fight was made for clemency by his former comrades, former Adjutant General Axline and Surgeon General Brush of Governor Nash's staff but Secretary Root held that there was no excuse for clemency and recommended that the sentence be carried out. Foutz was executed for the murder of a Filipino girl.

A PHILIPPINE INQUIRY

Senator Hoar Would Investigate Conduct of War.

ASKS FOR COMMITTEE OF SENATORS

Representative Grosvenor and His Attitude Toward the Veteran Preference Bill—Debate On the Proposition to Establish a Department of Commerce—News of Washington.

Washington, Jan. 14.—In the senate Mr. Nelson of Minnesota called up the bill providing for the establishment of a department of commerce. He explained the necessity, which, he said, existed for the passage of such a measure, and was pitted with questions by several senators, who said that sufficient time had not been allowed for looking into the merits of the measure. Mr. Teller criticized that feature relating to the transfer of the geological survey, while Mr. Hale said that that the bill provided for a department which ultimately would be one of the largest of the government. The bill finally went over, subject to call by Mr. Nelson.

Senator Hoar introduced a resolution, providing for the appointment of a committee of seven senators to examine into the conduct of the war in the Philippines, the administration of the government there and the condition and character of the inhabitants, the committee to have power to send for persons and papers, to administer oaths and to sit during the sessions of the senate.

The house spent the session in general discussion of the pension appropriation bill, the first of the annual budgets. The debate took a wide range. Mr. Grosvenor of Ohio and Mr. Hepburn of Iowa denounced a report presented to the last Grand Army encampment criticizing the course of themselves and other members of congress on the veteran "preference" bill, which was defeated at the last session. They explained that their opposition to the bill was due to the incorporation in the bill of a clause which had not been endorsed by the Grand Army placing veterans of the Spanish war in the preferential class. Mr. Rixey of Virginia caused something of a stir on the Democratic side by advancing a proposition to open the doors of national soldiers' homes to ex-Confederates and to furnish federal aid to state confederate homes. Mr. Richardson of Alabama was the only Democrat who joined Mr. Rixey in support of it.

Not After a Cabinet Job.
Washington, Jan. 14.—The visit of Governor Crane of Massachusetts to the White House gave rise to reports that the president desired to consult him regarding a position in the cabinet. This report is denied in the best authority. The governor feels that it is not becoming for him to talk on the subject for publication, but privately to his friends he promptly dispelled the idea that he had been consulted by the president in regard to the cabinet position by saying there was no basis for the statement.

Bill Against Lynching Foreigners.
Washington, Jan. 14.—Representative Crumpacker of Indiana introduced a bill for the punishment of persons taking part in the lynching of an alien. Those who conspire in such a lynching are made subject to death or life imprisonment, while meeting to organize such lynching is made a felony. The federal courts are given jurisdiction of such offenses and persons who have participated in lynchings are disqualified from serving as jurors. The measure is designed to cover cases similar to the lynching of Italians in Louisiana and Mississippi.

Hearing Set For Anti-Merger Case.
Washington, Jan. 14.—In the United States supreme court Chief Justice Fuller announced that argument upon the application of the state of Minnesota for leave to file a bill of complaint against the Northern Securities company bearing upon the consolidation of the Northern Pacific Railroad company with the other railroad companies would be heard Jan. 27. The chief justice also issued an order requiring that notice of the application should be given the Securities company.

Walcott and Jackson.
Philadelphia, Jan. 14.—Joe Walcott and Young Peter Jackson fought six rounds at the Penn Athletic club, in which Walcott had the better of it. They put up a hard and fast go. Walcott was the aggressor and had the better of every round but the fifth. In this round Jackson went at Walcott furiously and compelled him to clinch to avoid punishment. In the final round Walcott turned the tables on his adversary.

Marconi Banqueted.
New York, Jan. 14.—William Marconi, the inventor of wireless telegraphy, was the guest of honor at the annual dinner of the American Institute of electrical engineers, held in the Astor gallery of the Waldorf-Astoria. The only formal addresses were those by President Charles F. Steinmetz, Signor Marconi, Professor Elihu Thomson and Dr. Michael I. Huppes.

AMUSEMENTS

The red tiled adobe buildings of Canby's ranch, the heavily embursered beams of the officers' quarters at Fort Grant, everywhere the alkali dust of the plains, and the distant and picturesque buttes of that territory—such is the scene Augustus Thomas has chosen for the locale of his play, "Arizona." However, the piece itself would seem to the superficial the very antithesis of its surroundings, for the delicate romance it portrays is strangely contrasted with the locality. "Arizona" as will be remembered by all of those who have seen the piece is by no means a wild, woolly melodrama. It is a simple story of frontier life, showing the effect of refinement and culture, transplanted into the wilderness. The action is intense and the dialogue is brisk and virile as befits that section of the country. Those who are skeptical regarding such new members as may have been placed in the cast, are referred to the files of the Chicago papers, in which city "Arizona" was witnessed by no less than thirty thousand people during its engagement at the Auditorium. Identically the same company which played the Chicago engagement will appear. The engagement here is tonight.

KING DODO TOMORROW.

The announcement of the coming to this city of "King Dodo" at the Auditorium January 15, (tomorrow) will no doubt awaken interest above the ordinary among theatre goers. The record breaking run of this late product of the combined intellects of Frank Pixley and Gustav Luders of Chicago, is probably familiar to all classes of theatre goers as well as to newspaper readers in general. A powerful organization including three score persons will be brought to this city, including as it does, a magnificent orchestra of specially selected musicians, which latter announcement alone should be the source of much gratification to local theatre goers. The scenes of the play are laid in no place in particular, but have been given a semi-tropical setting of a very elaborate description and it is said that each of the three acts discloses many pictures of surpassing beauty. Particular stress is also laid upon the magnificent costume display, it being asserted that no less than 300 separate and distinct dresses of beautiful design, are shown during the performance. The lyrics, of which there are some twenty-five, nearly all possess that swinging, whistling character so entrancing to lovers of music, and the dialogue is said to fairly bristle with witticisms of the most laugh-provoking quality. The Castle Square Opera Company management, promoters of high class operatic offerings in New York, Chicago, Philadelphia, St. Louis and Boston, is responsible for the production of King Dodo, and this fact should be a guarantee of its superior merits in every department. King Dodo was seen at the Studebaker theatre, Chicago, for five months during the past season commencing Monday, May 27, and continuing until October 5.

HE MUST GET IN LINE

Liberal Party Hostile to Lord Rosebery as Leader.

SENTIMENT OF THE MASS MEETING

His Lordship's Co-operation Desired On the All-Important Subject of the Restoration of Peace—German Chancellor Discusses the Perplexing Polish Problem.

London, Jan. 14.—The inaugural meeting of the London Liberal association at St. James hall had been awaited with great interest, principally because it was probable that light would be thrown upon the future relations between Lord Rosebery and the Liberal party. Taken as a whole, the demonstration could hardly be considered an enthusiastic welcome to Lord Rosebery on his reappearance in public life. Lord Rosebery was not present at the meeting, at which Sir Henry Campbell-Bannerman, Liberal leader in the house of commons, and Earl Spencer were the principal speakers. The temper of the meeting was extremely hostile to the ex-premier. The speech of Sir Henry Campbell-Bannerman clearly indicated that if Lord Rosebery returned to the Liberal fold he must do so unreservedly and in full accord with the present policy of the Liberal party. Sir Henry expressed the hope that the Liberal party would have Rosebery's co-operation on the all-important subject of the restoration of peace.

St. James hall was crowded and thousands were turned away. Sir Henry and Earl Spencer were greeted vociferously. Miss Hobhouse, who was the first person to begin agitation regarding the condition of the concentration camps in South Africa, was called to the platform and received an ovation. In the meantime, pamphlets denouncing Lord Rosebery as a traitor to the party were thrown broadcast from the galleries. The reading of Lord Rosebery's letter of regret was received with mingled cheers and hisses. The letter was noncommittal. In it Lord Rosebery said he hoped that the meeting held would aim to secure the unity of "common sense and Liberalism," to which he hoped he had contributed by his recent speech at Chesterfield. This statement was received with disapproval.

Von Buelow on the Poles.

Berlin, Jan. 14.—Count Von Buelow is regarded as having handled the vexed Polish question, complicated as it is with bitter religious controversies, with much skill. His announcement in the reichstag that the government desired from the corporal punishment of Polish children during religious instruction is accepted as eliminating the principal weapon with which the agitators incite the passions of the Poles. The imperial chancellor startled the German section of the diet by offering documentary proofs, collected by the government, that while Polish population of the province of Posen was increasing at the rate of 10% per cent, the German population of this province increased only at the rate of 3% per cent. But abstracting from the German increase those persons who had immigrated to the province, the German population of Posen had only increased 1% per cent during a period of five years. "It is absolutely necessary to protect and promote German civilization in Posen," declared Count Von Buelow, "and to this end the priests must keep their hands off." This declaration is interpreted to mean that the representations at the vatican have not been wholly successful and that the Prussian administration continues at variance with local Catholic authorities.

Bryan in the East.

Naugatuck, Conn., Jan. 14.—When Hon. William J. Bryan reached here he was given a hearty welcome by a large crowd of citizens, who surrounded his carriage and escorted him from the railroad station to the home of Senator Kennedy, where an informal reception was held. At Columbus hall Mr. Bryan addressed over 1,000 people on the "Duties of the American Citizen." The subject of government morality was the theme of the address, and in this strain the speaker spoke of trusts, taxation, Boer sympathy and the money question. The address was received with great enthusiasm.

Hobson Hasn't Resigned.

Greensboro, Ala., Jan. 14.—Captain Richmond P. Hobson has not resigned from the navy. He has merely applied for a year's leave of absence, and expects to devote his time to lecturing, having had many handsome offers made him to enter upon this line of work. Mrs. Miller of Cleveland, O., spent two days of this week with Judge and Mrs. Hobson. It was at her home, according to a published report, that it was announced that Captain Hobson was engaged to Miss Ludlow. Mrs. Miller denied emphatically any such announcement.

Smallpox Raging.

Albany, N. Y., Jan. 14.—There is an epidemic of smallpox in the lumber camps of the Adirondacks. Over 20 cases have been reported to the state department of health from Tupper lake. There are also a large number of cases at St. Regis, Big Moose, Saranac lake and at Plattsburg. It is believed the disease has been brought into the state from Canada, and a quarantine may be established on the Canadian border.

NEWARK PROOF

North Fifth Street.

Mrs. B. Donahue, 216 North Fifth street says: "For quite a long time my kidneys were very much affected and I had a heavy feeling across the lower part of my abdomen, which made me miserable. Pain across the small of my back was often so acute that I was hardly able to move around and a distressing and annoying urinary weakness accompanied it. A friend of mine who by using Doan's Kidney Pills, had been cured of backache, advised me to try them. I took the advice and obtained a box at Crayton's drug store. First the kidneys were stimulated to a healthy and natural action, then the backache and general feeling of depression left me."

Elm Street.

Mr. C. L. Wines, 295 Elm street, says: "I had more or less trouble with my kidneys. I need not dwell on the symptoms. It is enough to say that I suffered, was nearly helpless and could get nothing to help me until I got Doan's Kidney Pills at Crayton's drug store. I happened to read in one of the local papers something pertaining to them and I went there and obtained some. I was much surprised at the quickness of the relief they gave and I have told lots of other people about them."

Chestnut Street.

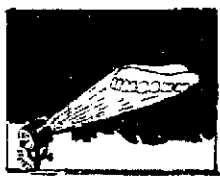

J. W. Lippincott, No. 83 Chestnut street, says: "I was troubled a good deal with rheumatism and a pain right through my back more like the thrust of a knife than anything else I can compare it to. I started using Doan's Kidney Pills which I procured at Crayton's drug store. Their effect was really wonderful. They drove away the pain out of both of my sides. There was not a trace of it left. I could stoop at will, lift weight, yet feel as supple as ever I felt."

Baltimore Street.

Mr. T. Henderson, No. 489 Baltimore street, says: "I can only say that after giving Doan's Kidney Pills a trial, they showed themselves to be all that was claimed for them. I had a good deal of pain over my kidneys. If I contracted a cold no matter how slight, it always affected them first, and as a result my back grew worse, being very painful so painful that it was more than I could do sometimes to straighten up. The urine was of a bad color and odor -- evidence that the kidneys were not altogether right. After I obtained Doan's Kidney Pills at Crayton's drug store, all this trouble was corrected. The kidneys pushed away the impurities and my back was strong and free from pain."

CONSIDINE CASE

James Considine, who is under sentence in the United States district court for complicity in the Granville postoffice robbery, was in Columbus Monday en route to Cincinnati to confer with his attorneys, Shay & Cogswell. Considine was convicted last spring, but appealed his case to the circuit court. The circuit court sustained the action of the lower court, and Attorney Shay, his counsel, is now in Washington and will probably file an appeal in the United States supreme court today.
